Dear John:

The Texas Wildlife Association is supportive of a variety of entrepreneurial approaches on private lands to aid landowners in their efforts to remain on the land and to conserve wildlife and habitat. The Images for Conservation Fund Pro Tour is a concept that encompasses this philosophy and expands the ability of landowners to attract a new clientele through innovative marketing to amateur and professional photographers while encouraging and showcasing good land stewardship. TWA's Executive Committee discussed the approach of the ICF Pro Tour and voted to support and endorse the ICF Pro Tour, as well as act as a point of contact as necessary for interested landowners.

Please feel free to use TWA in any of your advertising and promotions.

Sincerely,

Kirby Brown  
Executive Vice President
